

J.W. Didado Electric is built on family values and solid business principles. What began as a one-man crew in 1958 continues to excel as a family-owned, nationally recognized electrical contracting company with dedicated and loyal employees.

JW Didado Electric, Inc.
For a more powerful life

From the single 120-volt outlet in a home to multi-million dollar, 138,000-volt electrical systems that power entire cities, J.W. Didado Electric provides service and support 24 hours a day, seven days a week.

As a full-service electrical contractor, J.W. Didado Electric prides itself on having the tools, the talent and the technology to service a variety of residential, commercial and industrial electrical needs.

In emergencies, J.W. Didado Electric offers not one, but a comprehensive line of compact, high-performance, automatic generators to accommodate many individual needs.

And when it comes to heavy-duty high voltage applications, J.W. Didado Electric provides service and support for virtually every business need.

J.W. Didado... residential, industrial, or commercial, we get the job done on time and on budget!

24-hour Service

J.W. Didado Electric, Inc.
For a more *powerful* life

J.W. Didado Electric is available 24 hours a day, seven days a week with a full fleet of service vehicles. In addition, technicians are dispatched via mobile phone and global positioning systems (GPS).

HOME STANDBY GENERATORS

Don't get left in the dark. J.W. Didado is proud to be a certified Generac Automatic Home Standby Generator vendor. With this generator your home is protected from power outages whether you are home or away. With five models between 8 and 20kW, you choose the level of protection that is right for you. Whether you choose to back up a few essential circuits or to provide emergency power to the entire house, Generac will keep your family safe and comfortable until utility power is restored.
